Presented/displayed by: Committee of Rescue of School Rotaria de Special Educación.
President of the Committee: Andino Mauricio.-

DESCRIPTION OF THE PROJECT.-

This project this destining to the obtaining of bottoms for the rescue of the School Rotaria de Special Education. The Rotario Club of Santa Tecla, I name Andino Mauricio Lord, active partner of that club, so that he named a commission destined to collaborate with el to develop an action plan. It went as well as it named a: Alvaro Marengo, Humberto Alvarenga and Lisandro Antonio Villalobos. This I complete in quality of Director of the avenue on watch the community. Also I ask for the collaboration of Grupo Rotario of promotion in the community Santa North Tecla that I name to Vilma Verónica Alvarenga like its representative before this committee. With a donation of 3 thousand dollars, from the Rotario Club of Santa Tecla the most urgent adjustments in the physical infrastructure become of the school.

It is tried that the school works with self-sufficiency as of the month of January of the 2007, being necessary to develop a feasibility study that serves as guide to our Club for the development of greater investments. This study is being elaborated, which considers the following information:

ANTECEDENTS

The School it has an enormous potential. In 1997 6000 appointments were taken care of more than children with learning difficulty, arriving to show solution in their operations. The memory of workings of that year reflects quality in the performance, satisfaction in the parents, union between the teachers, but coverall favorable results in the performance of the students put under psychotherapeutic treatment.

In 1997 \$52.857 by this type of services were received, in addition to \$10,084.60 by means of diverse activities. In that occasion there was a surplus of \$ 8,491.90.

All this came down after the earthquake of the 2001 in where the administration was headless, taking the control the present Director and being damaged the infrastructure by lack of suitable maintenance.
